SO... WHO ARE WE?

Since 1985, we have been producing the very best cask, keg and bottled beers, using the finest ingredients, while at the same time supporting the Great British institution that is fondly known as the 'pub'.

Our reputation for consistent excellence in product quality and customer service is the reason our beers are served in more than 1,200 pubs and bars throughout the West Midlands and South Wales. In fact, we've gone from a humbling beginning of producing approximately 10 brewers' barrels a week to an average of 800 barrels per week - that's more than 12 million pints per year!

The Monty's Brewery story...

Monty's Brewery is based just a short distance from the ancient castle town of Montgomery, on the Powys - Shropshire border. The growth of Monty's from a small, family run, start up to an established enterprise, exporting beer all over the world, has been a fast paced and exciting journey.

It was in June 2008 that the first seeds were sown by owners Pam and Russ Honeyman. Over a quiet pint and Sunday lunch they pondered, 'Shall we build a brewery?'. Soon after, Pam was off to Brewlab at Sunderland University, returning back with a plan and a recipe. It was in January 2009 when the first casks were produced. It was only the third brew before Monty's Sunshine started to get the recognition it still enjoys today, winning the "Darlington Spring Thing CAMRA Beer Festival".

Now with over sixteen regular, seasonal and specials brews and four local pubs, Monty's has firmly established itself as Mid Wales' premier brewery. Bottling has become an integral part of the production process, and in January 2013 a new bottling plant was installed. 2014 saw the introduction of Masquerade, a gluten free beer which won Monty's its first international award.

Bragdy Lleu is an award-winning craft brewery in Dyffryn Nantlle. We produce high quality beer with natural ingredients of the highest quality.

Established in 2013, we support the local economy and are passionate about the culture, history and language of Dyffryn Nantlle – the land of the Mabinogi. Every beer we brew is named after characters from the world-famous Welsh folklore legends, with elements of those characters conveyed in the unique character of each beer.

The business is evolving constantly, and by now we supply pubs across North Wales with casks and pubs, shops and restaurants all over Wales and beyond with bottles. In addition, we sell directly from the brewery and attend various events with our mobile bar, as well as supplying beer for events including weddings and celebrations of all kinds.

Celtic Brew... 800 years in the making.

BLODEUWEDD

WELSH GOLDEN ALE

Our inspiration for this popular golden ale was the beautiful maiden Blodeuwedd from the legends of the Mabinogi which have their roots in Dyffryn Nantlle. Blodeuwedd was created from a variety of meadow flowers by the wizard, Gwydion, and those wonderful subtle, floral notes are conveyed in this glorious golden ale.

LLEU

WELSH AMBER ALE

The beer is named after the warrior Lleu from the legends of the Mabinogi, the famous Welsh folklore tales which have their roots in Dyffryn Nantlle. Lleu was a unique, strong, appealing and memorable character, and we have worked hard to convey these features in our beer. Lleu blends the flavours of natural malts and hops which combine to create a unique beer.

BENDIGEIDFRAN

WELSH RED IPA

Bendigeidfran was the king of the island of Britain in the legends of the Mabinogi, which have their roots in Dyffryn Nantlle. Bendigeidfran was literally a giant of a man; brave and strong of character – features that are reflected in this thoroughly satisfying ale. Our inspiration was to create a strong, tasty Welsh ale, and that is why this IPA differs to most others in that it has a red hue to its colour.

The small market town of Bishop's Castle, on the Shropshire/Welsh border, is home to the Three Tuns Brewery, a brewery with significant claims to fame.

A brewing licence at the site was first granted in 1642. Part of the existing brewery is of 17th Century origin and this would be consistent with it having been the original brewhouse, which would make it the oldest working brewery premises in Britain.

The remainder of the present brewery consists of a tower erected in about 1888. Tower breweries were a product of Victorian ingenuity; the movement of liquids through the brewing vessels could easily be achieved if the main ingredients, malt and water, were winched and pumped to the top of a tower so that gravity could achieve all the transfers needed during the brewing process.

Although some of the modern technology departs from the original gravity concept, the tower at the Three Tuns Brewery is a classic, miniature Victorian tower which, together with the older building, is described in its Grade Two listing as "a rare survival of a small, working rural brewery".

The Three Tuns is renowned to cask beer lovers world-wide; many confess to visiting the town purely to see the brewery and sample the beer.

At the advent of the 'Campaign for Real Ale' in the 1970s, the Three Tuns Brewery, with the adjacent Three Tuns Inn, was one of only four home-brew pubs operating in the whole of Britain. Its survival can be attributed to the custodianship of the John Roberts family, who bought the pub and brewery sometime in the 1880s, and who built the tower. His son, Erskine Roberts, and his grandson, John Roberts, continued brewing into the mid-1970s.

For several years the future of the Three Tuns brewery had appeared uncertain, following periods of closure. The investment required to bring it up to modern standards had made its viability questionable. In July 2002 a plan was published to convert it to housing.

In January 2003 the brewery was bought by the John Roberts' Brewing Co.Ltd., the name of which celebrates the brewery's historic association, over about a century, with the Roberts family. The brewery has been fully re-furbished, which should ensure its brewing future for many years to come.

OUR STORY

Mona *n.* (Latin) means Ynys Môn (Welsh) or Anglesey (English) – and this is where we are..... The island is known as Môn, Mam Cymru (Môn, the Mother of Wales) the breadbasket of Wales, so we thought..... why not add some great beers to the mix?

Whilst the island's first recorded name shapes our identity and our Welsh heritage influences us, we take our inspiration from across the globe, and we want to share a piece of Anglesey with the world.

Our craft brewery was established in 2018 by seven likeminded friends with a common interest in, amongst other things, good beer.... All our beer is hand-made in small batches, to ensure quality and consistency and we like to behave in a sustainable way.

Be a part of our story – follow us, try us and share us!

A best bitter. A smooth bitterness and aroma with a fresh fruity finish, crafted with Crystal Malt and roasted barley, Bramling Cross and Golding hops, Welsh water and Grey Trees' passion. This beer is for the great people and good times that have inspired us. Friends, family, a warm pub and some decent music is not a bad way to spend an evening.

This beer is a very pale ale, we have used a single hop variety called 'Chinook', this gives distinct, medium intensity spice and pine characteristics with subtle notes of grapefruit. The subtle, fruity, grapefruit notes of this fine pale ale go well with cheese, white fish, and fowl, while its delicate spiciness suits dishes with a similar aromatic quality, such as curry, spiced soup and fragrant meats.

Grey Trees Afghan Pale Ale is crafted like an American pale ale. We use Cascade, Citra and Simcoe hops. The Maris Otter malt provides a perfect light colour and dryness to complement the crisp taste and full aroma of the hops.

This gives a tropical hop aroma, paired with the unique taste combination of these three distinctive hop varieties, making it both full in flavour and crisply thirst-quenching.

The Clun Brewery was founded by Matt Williamson and Jack Limond in 2007 to supply local craft beers to the White Horse in Clun, which Jack has owned since 2001. Their range of beers regularly feature as guest ales in over 60 Shropshire pubs as well as The White Horse.

Loophole (3.5%) £89.50

Dry hoppy light coloured beer brewed with low colour malted barley and a touch of caramalt. Brewed to a low gravity to keep it highly quaffable this light ale uses hop rather than malt to flavour. We use the powerful New Zealand Green Bullet and Styrian goldings to ensure a crisp hoppy flavour.

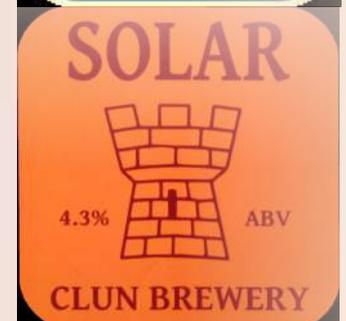

Clun Pale Ale (4.1%) £98.60

A thirst quenching straw coloured pale ale. Brewed using Maris Otter pale malt combined with touch of wheat malt, the bitterness is provided by fruity Challenger and aromatic Styrian Golding hops. A true session bitter, the delicate malt sweetness is amply compensated by the zesty hops providing a lasting bitter finish that demands another pint.

Solar (4.3%) £100.40

Smooth golden ale. Made with Mosaic Hops and Elderflower, providing lingering citrus notes. A true taste of those long summer days.

Green Man (4.4%) £102.00

Bright gold with initial grassy bitterness is balanced by subtle yet complex malt flavours, with grain and biscuit notes giving way to a satisfying hoppy finish.

Citadel (5.4%) £111.00

A formidable strong ale which will appeal to the real hop lover. Perhaps more accurately described as an original style IPA, the beer is produced with Marris Otter pale malt and deploys the mighty Green Bullet hop to provide a hefty bitterness. Golden in colour the rich and fruity malt flavours are met head on by intense hop bitterness and aroma which give rise to a long lasting dry finish.
